SENATE BILL

No. 398

Introduced by Senator Chesbro

(Coauthors: Assembly Members Cohn, Strom-Martin, Thomson, and Wiggins)

February 21, 2001

An act to add ~~Section~~ *Sections 1366.1 and 1375.3* to the Health and Safety Code, relating to health care service plans.

LEGISLATIVE COUNSEL'S DIGEST

SB 398, as amended, Chesbro. Health care service plans: bankruptcy.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the regulation and licensure of health care service plans by the Department of Managed Health Care and makes a violation of the act's provisions a crime. Under the act, a plan is required to demonstrate to the ~~director~~ *Director* of the ~~department~~ *Department of Managed Health Care* that it has a fiscally sound operation and adequate

provision against the risk of insolvency. *The act also requires a plan to provide notice of any material modification of its license to the director.*

This bill would require a health care service plan, except in extraordinary circumstances, to meet and confer with the ~~Director of the Department of Managed Health Care~~ director at least 10 business days prior to filing a petition for bankruptcy. The bill would require in extraordinary circumstances, that the plan meet and confer with the department 24 hours before filing the petition. The bill would also require the plan to provide certain information requested by the director. *The bill would also require the department to adopt regulations that establish an extended geographic accessibility standard for access to health care providers served by a health care service plan in counties with a population of 500,000 or less that have 2 or fewer health care service plans providing coverage to the entire county in the commercial market. The bill additionally would require a health care service plan at least 30 days prior to filing a notice of material modification to withdraw with the director; to hold a public meeting in a county with a population of 500,000 or less if the plan intends to withdraw from that county.* Because the violation of ~~these~~ these requirements would be punishable as a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.
